No fancy packs unless recipe states to do so (ex: pickled asparagus). For food safety reasons, the size of jars used must not be larger than the jar size stated in the recipe. Note: There are 12-ounce, 24-ounce, and 28-ounce canning jars available and may be used. Use pint jar jar process recommendations for 12-ounce jars. Use quart jar process recommendations for 24 ounce and 28-ounce jars.

Each exhibit must have the complete recipe and instructions attached with the entry card or it will be disqualified. Recipe must include exhibitor name, recipe source, date of publication, and altitude where it was processed. If using Mrs. Wage's or Ball mixes, indicate the date the mix was purchased. Alcohol is not allowed as an ingredient in food preservation entries. Dried products must also include the recipe, preparation steps, and heating instructions. Jerky not heated to an internal temperature of 160 degrees F will be disqualified. Heating information can be found in "Dry Meat Safely at Home" www.ksre.ksu.edu/bookstore/pubs/MF3173.pdf. **Use a rubber band to attach the entry card and recipe around the top of the jar.**

Each jar must be labeled with the following: product, name of exhibitor, method of preservation, processing time, pressure (psi), altitude where processed, date processed (month and year). The label must not cover brand name of jar. Do not write on the jars or lids, only on the labels.
